**Play value**

Children love seats that are intended just for them. They use them either according to their original function, or they attribute a new meaning to them depending on what they are playing. Children like to sit down anywhere they are allowed to; they prefer unusual seating such as the Trunk Seat with face. The Toddler's Table promotes communication and can also serve at the same time as a meeting point for an outside facility.

**Fundamental characteristics**

- Natural wooden surface that appeals to the senses
- Harmonic design

**Recommended for**

- Children under 3 years
- Kindergarten children
- Public play areas without supervision, such as playgrounds, parks or similar
