

# Instructions for wear checks of play equipment

The equipment must be checked for correct operation and safety, especially the points listed below:

Proof of maintenance

Playground .....

Date of installation .....

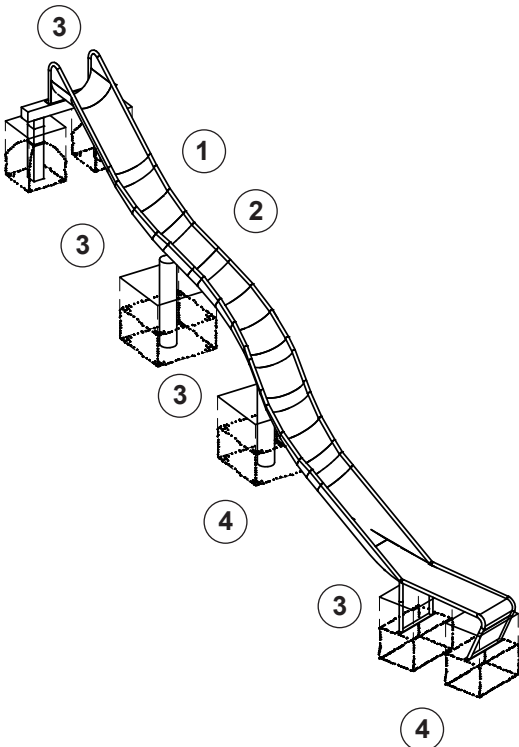

Checks depend on the type of equipment. Any equipment with moving parts must be checked at least twice a year, static equipment at least once a year.

Intervals for maintenance work and checks generally depend on

- location
- kind of use
- frequency of use
- possible vandalism

For more details see also "General instructions for maintenance of playgrounds".

**Open Slide**  
Order No. 3.67000

## Slide surface

1. Check for vandalism.
2. Check welds.

## Bolts and screws

3. Check the starting section, support head and run-out section for stability and retighten screws and bolts if necessary (on two-part slides also check the screws and bolts on the flange).

## Structural stability

4. In order to check the stability of the foundation or the steel feet for corrosion, uncover the foundation once a year.

Special notes, e.g. for repairs

Repair not carried out, it is still possible to play on equipment

Repair not carried out, equipment is taken out of action

All work carried out, everything is in order

Maintenance carried out by:

..... Date .....
