

Instructions for wear checks of play equipment

The equipment must be checked for correct operation and safety, especially the points listed below:

Proof of maintenance

Playground.....

Date of installation

Checks depend on the type of equipment. Any equipment with moving parts must be checked at least twice a year, static equipment at least once a year.

Intervals for maintenance work and checks generally depend on

- the location
- the usage
- the frequency of use
- possible vandalism

For more details see also "General instructions for maintenance of playgrounds".

Sound Cushions
Order No. 9.02410

Rubber

1. Check for wear and tear as well as for vandalism.
2. Check that bolts and screws are tight and retighten if necessary.

Sound

3. Jump on the equipment in order to ensure that sounds are created. If necessary, check if the air spring with the pipe on the inside is soiled and clean it if necessary. To do this, the equipment must be dismantled.

Structural stability

4. Uncover the foundation once a year to ensure it is properly fastened to the ground. Also check that the surfacing around the equipment is still in good order (the equipment isn't necessarily set into concrete).

Special notes, e.g. for repairs

Repair not carried out, it is still possible to play on equipment

Repair not carried out, equipment is taken out of action

All work carried out, everything is in order

Maintenance carried out by:
